A MOTION TO INTERVENE FOR MARSHALL MAGRUDER

As provided by the Procedural Order for these cases of 8 September 2006, Marshall Magruder, a Santa Cruz County UNS Gas, Inc. customer, respectfully requests to intervene in these combined cases. Some of the areas of interest include:

- a. The proposed residential Service Charge increase of 340% in less than four years from \$60.00 per year prior to 11 August 2003, to the present \$84.00 per year, and a proposed \$204.00 per year.
- b. The proposed natural gas rates for many Schedules that show customer savings for higher monthly usage per therm instead of a rate increase which is counter-initiative to both Demand Reduction and basic conservation principles.

- 1 c. The proposed natural gas rates policy to lower rates for customers in colder climates
2 and penalize customers in warmer climates with lower demands, which directly
3 impacts the separate service area in Santa Cruz County, compared to the other UNS
4 Gas, Inc. customers in counties with colder climates and higher demands.
5
6 d. The proposed policies for rates and charges may blur separation of "cost of service"
7 and "cost of natural gas" differences as only the first provides profit to the company.
8
9 e. The potential for customers to pay any costs for the transition of ownership from
10 Citizens to UNS Gas, Inc., customarily borne by a company and not by its customers.
11
12 f. The potential for UNS Gas, Inc. customers to pay multiple "general and administrative"
13 (pancake) charges to various subsidiaries and to UniSource Energy.
14

15
16 I have a copy of effective Procedural Order and UNS Gas, Inc., filings to date in these
17 cases. I understand the procedural schedule and will comply with the required filing dates.
18

19 Early approval of this Motion is requested as a better understanding of the various
20 issues involved should be attainable during discovery.
21

22 I certify that this filing has been mailed to all known and interested parties and the
23 company as shown in the Distribution List below.
24

25
26 Respectfully submitted on this 16th day of November 2006
